New For 2008

Roll Bar Padding

Introducing the newest addition to our extensive line of safety equipment, **ROLL BAR PADDING**. Made of dense urethane our padding has been tested to SFI 45.1 requirements and has passed all testing for impact attenuation and flame resistance. Check out our many features.

- Available in black, red & blue, custom colors additional
- Formulated for maximum impact absorption
- Will not melt or drip in a fire - padding is self-extinguishing
- Easy to cut to shape for custom installation
- High density formulation
